It is with great pleasure and gratitude to Almighty God that I welcome you all to the newly created sovereign state of Pakistan. Today we are the masters of our own destiny. The achievement of Pakistan is the result of the struggle of millions of our people and the sacrifices of many who laid down their lives.

This day marks the fulfillment of our cherished goal of independence for which there is no parallel in history. But remember, freedom comes with responsibilities. Now it is up to us to work, work, and work — with determination, discipline, and faith — to make Pakistan a great nation.

We must build up our character as a nation and make Pakistan a land of peace, prosperity, and happiness. We must develop a sense of unity, discipline, and selfless service to the nation. You are free — free to go to your mosques, temples, or any other place of worship in this state of Pakistan. You may belong to any religion, caste, or creed; that has nothing to do with the business of the state. Let us now plan to make Pakistan the strongest, most progressive, and peaceful country in the world. The success of this great ideal depends entirely upon our unity, faith, and discipline.

Message from CONSUL GENERA The Islamic Republic of Pakistan for Hong Kong SAR and Macao SAR

Our great nation is celebrating the 78th anniversary of Pakistan's independence. On this auspicious occasion, I would like to congratulate the Pakistanis living in Hong Kong SAR & Macao SAR.

This day reminds us the unprecedented struggle by our great leaders along with men, women and children and those who sacrificed their lives for the sake of better future of the generations to come, which culminated in the establishment of a great country – The State of Pakistan. It is now our duty, as a responsible citizen, to contribute for the betterment of this nation.

his becomes more important when we live outside our motherland and act as ambassadors of Pakistan. I appreciate that the Pakistani Community in Hong Kong and Macao has played an important role in the development of this region. They are contributing positively whether employed in government or private organizations or in different businesses and other trades. However, there is lot more needs to be done by adopting futuristic approach, which could provide roadmap to our younger generation living here. We should prepare them for future challenges and equip them with new developments and technologies such as AI.

Government of Pakistan always gives prime importance to overseas Pakistanis and their issues are always dealt on priority. It was reiterated in the recent Overseas Conference in Islamabad. In line with these directions, the consulate General of Pakistan, Hong Kong is also providing proactive facilitation to the community and resolving their issues on priority. The public service delivery is being improved in consultation with and as per suggestions of the community. The promotion of trade and investment, which is one of the key functions of this Consulate, is also given special attention so as to strengthen and enhance bilateral economic relations.

The relationship between China and Pakistan is trustworthy, reliable and time tested. On the economic front, particularly under CPEC, China has extended full support to Pakistan for development of infrastructure, energy, communication and other sectors and now under CPEC 2.0, several Special Economic Zones are being established, so as to extend this cooperation between businesses of both sides. Whereas, under One Country - Two System, Hong Kong is strategically positioned - performing a key role in the financial and economic development of this region. It's time for Pakistani Diaspora to capitalize these developments and prepare itself to acquire requisite skill set which could be mutually beneficial.

Pakistan consulate appreciates the role of Pakistan Association Hong Kong for their contribution in the development of sports, education, social and other community services. The Consulate extends its full support and contribution in furthering the Association's future endeavors which could prepare our youth to embrace the upcoming challenges and become a positive contributor in this society. I would like to take this opportunity to extend my gratitude to Pakistan Association Hong Kong for this Independence Day Publication.

As we commemorate Pakistan's 78th Independence Day on August 14, 2025, I sincerely congratulate all Pakistanis globally, especially the members of the Pakistan Association of Hong Kong. Reflecting on the vision and sacrifices of our forefathers, who sought freedom, unity, and progress, we are reminded of the ongoing journey toward these ideals as we foster connections between our homeland and the vibrant city of Hong Kong. It is a privilege to serve as your President, and I appreciate your trust in my leadership.

We thank President Xi Jinping and Chief Executive John Lee for their progressive policies that cultivate a Muslim-friendly environment in Hong Kong. The expansion of halal food offerings in various sectors, including restaurants, educational institutions, and public spaces, alongside inclusive frameworks that honour our cultural and religious values, has significantly enhanced the experience for Muslim residents and visitors.

This year has witnessed notable achievements, exemplified by our men's cricket and hockey teams, which have excelled in international competitions, reflecting the rich talent pool we nurture. Concurrently, we have made substantial advancements in women's empowerment and support for small businesses through various initiatives such as leadership networking events and advisory clinics, all of which have garnered positive responses from participants. Additionally, our young professionals are making significant contributions across various domains, including government, education, healthcare, finance, and technology, enriching the landscape of Hong Kong with their creativity and ethical practices.

The Pakistan Association is poised to implement mentorship programs for students, facilitate cultural exchange events, and offer workshops on digital literacy and well-being. As we acknowledge the sacrifices made by our ancestors, let us recommit to the principles of unity, faith, and discipline. United in gratitude, pride, and solidarity, we will continue to build a future marked by shared prosperity and enduring friendships. Pakistan Zindabad!

78th Independence Day of Pakistan

Message from District Officer (Yau Tsim Mong)

In celebration of Pakistan's 78th Independence Day, it is my pleasure to offer my congratulations and warm wishes to both Pakistan and the Pakistani community in Hong Kong.

Yau Tsim Mong district is known for its diversity. We have the largest number of non-Chinese residents among all districts of Hong Kong, many of whom from Pakistan. We are grateful for the Pakistani community here, who has been a staunch supporter of the Yau Tsim Mong District Office and Yau Tsim Mong District Council's initiatives in promoting inclusion.

In particular, the Pakistan Association of Hong Kong is one of our close partners. The Association is dedicated to organising vibrant events like sports programmes and joint festive celebrations all year round, with an aim to fostering youth development, and strengthening cross-cultural understanding. The Association's efforts are truly commendable.

I would like to take this opportunity to express my appreciation to the Association for its unwavering commitment in community building, which aligns with our vision of building an inclusive, dynamic and multicultural community in Yau Tsim Mong. I look forward to having more collaboration with the Association. We wish our Pakistani friends good health and happiness.

(Edward Yu) District Officer (Yau Tsim Mong)

It is with great pleasure that I extend my warmest congratulations to you and the people of Pakistan on the joyous occasion of Pakistan's 78th Independence Day. This day marks a historic milestone in your nation's journey, rooted in the visionary Pakistan Resolution of 1940. This resolution embodied the aspirations and resolve of your forefathers, laying the foundation for an independent Pakistan through their steadfast commitment to sovereignty and unity.

As we commemorate this significant day, it's also a time to reflect on the strong relationship between China and Pakistan, often described as an "all-weather" and "time-tested" friendship, which has flourished through decades of mutual respect and collaboration. Pakistan has consistently upheld the principles of sovereign equality of states. This commitment to fairness and justice has been a cornerstone of Pakistan's foreign policy and aligns with values that are important in international relations.

Initiatives like the China-Pakistan Economic Corridor (CPEC) and cooperation in defense and cultural exchanges highlight the strong relationship between the two countries, which serves as a model of international solidarity. Pakistan's early participation in China's Belt and Road Initiative, particularly through the China-Pakistan Economic Corridor, has been instrumental in fostering regional connectivity and economic development, reflecting a shared vision for a prosperous and interconnected future.

On this Independence Day, I would like to extend my heartfelt greetings to the vibrant Pakistani community in Hong Kong. I look forward to a future where our friendship continues to grow, fostering even greater opportunities for cooperation and shared success.

Wishing you a memorable and joyous Independence Day celebration.

Sincerely,

Gray Chan Kak-kan
